# Types of Kitchens & Kitchen Triangle

The Working Triangle is a kitchen design concept that connects the three most-used areas:

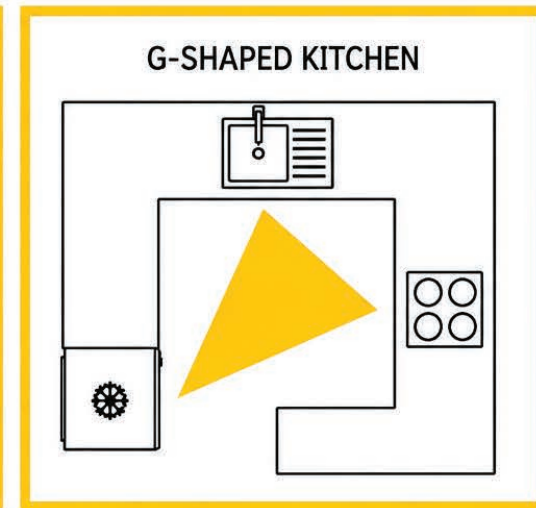

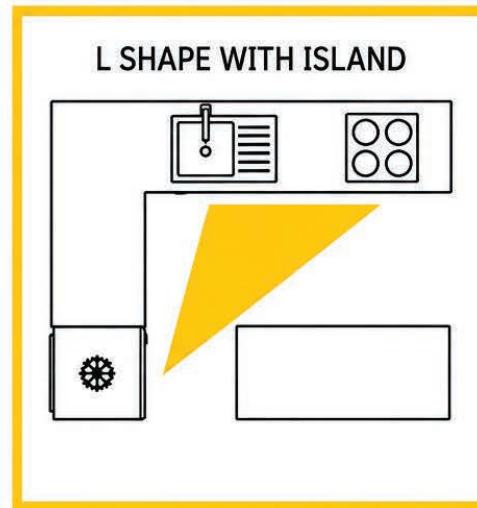

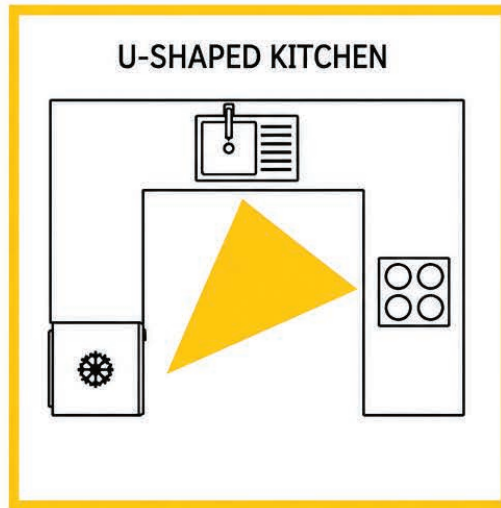

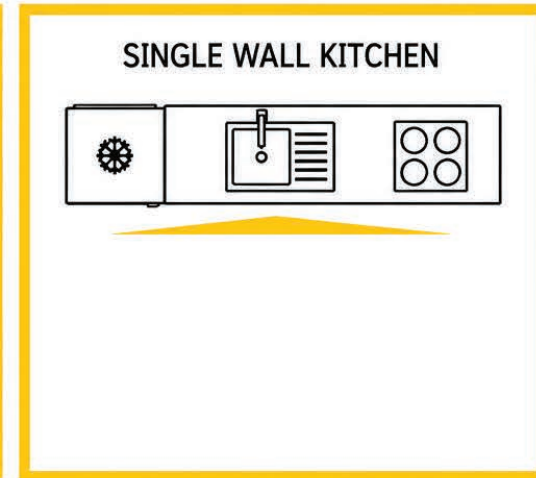

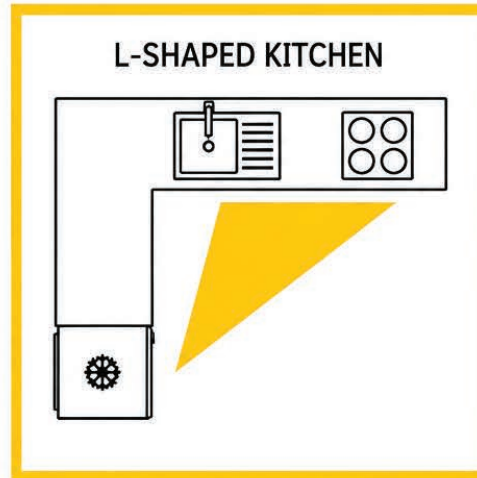

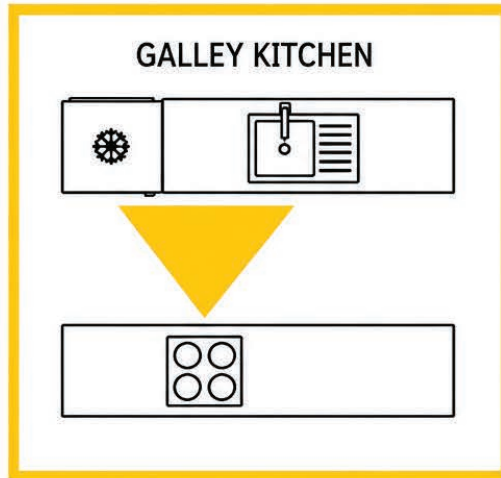

Refrigerator (Storage)

Sink (Washing)

Cooktop/Hob (Cooking)

# Things We Keep in Mind While Design Your Kitchen

- The distance between each point should be 1.2 m to 2.7 m (4–9 ft)
- Total triangle perimeter should be 4 m to 7.9 m (13–26 ft)
- No major obstacles should block the triangle (tall units islands without clearance)
- One person should be able to work comfortably within the triangle

# Distinctive Modular Kitchen Color Combinations

STRAIGHT KITCHEN WITH ISLAND

## Navy Blue + White

- Classic & timeless
- Adds contrast and depth
- Pair with brass or gold accents

L - SHAPE KITCHEN

## Sage Green + Light Wood

- Calm & nature-inspired
- Brings warmth and balance
- Works well with matte black accents

U - SHAPE KITCHEN

## Terracotta + Light Gray

- Warm & earthy
- Adds a pop of color
- Pair with black or dark bronze accents

PARALLEL KITCHEN

## Charcoal + White

- Sleek & modern
- High contrast for a clean look
- Works well with metallic accents

ISLAND KITCHEN

## Forest Green + Cream

- Rich & grounding
- Softens the look
- Pair with gold or brass for warmth

G - SHAPE KITCHEN

## Greige + Stone

- Neutral & sophisticated
- Subtle and calming
- Pair with matte black or chrome
